ANOTHER ONE-WEEK BUILD!

LS ENGINES

Make CPP your LS headquarters when converting your ride! We carry all the components to help finish installing an engine that requires no maintenance, is super lightweight, puts out unbelievable horsepower and torque, giving you all you need to get it on the road. We've configured kits for every LS conversion!

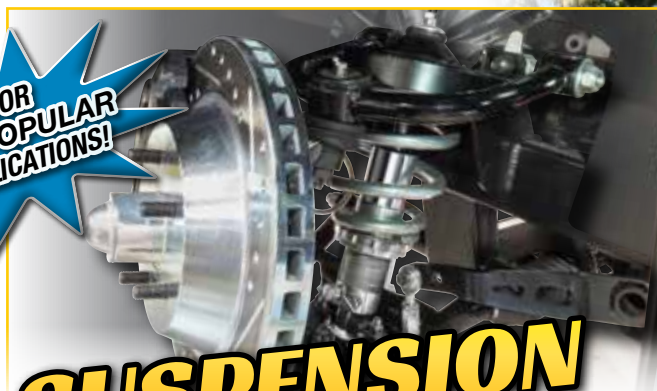

STEERING

We provide everything from alternator brackets to steering column wiring harnesses and everything in between! 400 & 500Series™ power steering boxes, conversion kits, pumps, steering columns, steering wheels, and rack & pinions. Made with modern technology and ready to upgrade your classic ride.

BRAKES

If you're looking for Brakes Kits, we carry a whole host of options! OE style to 14" rotors, 6-piston calipers and HydraStop™ systems. Spindle upgrades! Baer, Wilwood upgrades. Master Cylinder/Boosters kits and even more components for Chevy, Ford, Mopar, Lincoln, G-Body applications, as well as other customs.

SUSPENSION

Enjoy the comfort and benefits of a suspension system that makes your afternoon ride a pure delight with true performance IFS Mustang II systems, Pro-Touring packages, coil-over conversion kits, Totally Tubular™ control arms, stock control arms, performance, and high clearance sway bars! Currie rear ends and more!
