12 Volt Vacuum Pump Installation Instructions

Instructions:
1. Mount the vacuum pump.
2. Connect the vacuum fittings, hoses, switch, and filter as shown in the diagram.
3. Connect the black wire from the vacuum pump to a ground.
4. Connect the red wire from the vacuum pump to one of the terminals on the vacuum switch.
5. Connect the other terminal of the vacuum switch to +12 volts when the ignition key is turned on. (Be sure that the +12 volt circuit has a fuse).
